This publication is neither an offer to sell nor a solicitation to buy any securities mentioned herein. The information contained herein is based on data obtained from recognized sources that are believed to be reliable. Emerging Growth Equities, Ltd. has not independently verified the facts, assumptions and estimates contained in this report. Accordingly, no representation or warranty, expressed or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information and opinions contained in this report. The information contained in this report is not and does not purport to be a complete analysis of every material fact respecting any company, industry, or security. Additional information concerning this recommendation is available on request.

Most of the companies we follow are emerging and mid-sized growth companies whose securities typically involve a higher degree of risk and more volatility than the securities of more established companies. For these and other reasons, the investments discussed or recommended in this report may be unsuitable for investors depending on their specific investment objectives and financial position. Transactions in securities mentioned herein may be effected only in those states where such securities are qualified for sale.
